<i>Funding Source</i>	<i>Local Share</i>	<i>Budgeted?</i>
Planning Department Operating Budget	100%	Yes

Director's Comments: The Planning Department issued a Request for Proposals for consultant services to prepare an application to the U.S. Environmental Protection Agency Brownfields Program for funding to prepare an assessment grant application facilitated through a partnership between the County, Land Bank Corporation, and County IDA. The County would be the lead applicant. The EPA program requires that an RFP be issued for a minimum of 30 days to secure consultant services to both prepare the application and assist with grant administration, if funded. Consultant proposals are due October 23, 2024. EPA Applications are due November 13, 2024. While this is a very tight turn-around schedule, we are confident that we can get a competitive application submitted by the deadline. The County could request up to \$1.5M to prepare a county-wide assessment plus assess specific sites identified by the coalition partners as potentially contaminated by hazardous substances, pollutants, contaminants or petroleum.

RECORDS MANAGEMENT – MEGAN SOKOLOW

Informational Item(s) Written Only

Records Management Activities: September and October

Senator Helming visited the Records Center on September 18th, 2023. We toured the facility. We shared information about various aspects of Records Management here in Livingston County and the perspective of rural communities on modern records management challenges.

As a current board member, Megan attended the New York Association of Local Government Records Officers board meeting on October 1-2, 2023. She successfully lobbied for the organization to protest the Clean Slate Bill formally.

Megan has sought multiple resolutions to award bids and purchases for three pieces of high-ROI digitization equipment in September.

We have sent a Purchase order for the Next Scan FlexView 300 Microfilm conversion machine and another for the ROWE Large format document scanner. We expect these two items to be delivered to the Records Center before the end of 2023.

We are drafting contracts for the Service and Maintenance portions of the Indus Bookscanner 5005max. There is an upcoming contract resolution for the purchase and installation of a large format printer and plotter to be paired with the ROWE scanner, per the request of the Central Services Department.

We have processed over 30 records requests in September and October and completed two projects appraising records on behalf of other County Departments.
