Additional Positive Case of COVID-19 Reported in Livingston County

Mount Morris, NY, April 8, 2020 — The Livingston County Department of Health (LCDOH) reports one new positive case of COVID-19 in Livingston County as of this morning, which brings the total number of positive cases to twenty-nine.

According to Jennifer Rodriguez, Livingston County Public Health Director, the individual is a female in her 60s who resides in Mount Morris. She was tested at a hospital in Monroe County and is currently at a private residence under mandatory quarantine per LCDOH. One individual related to this case is also under mandatory quarantine.

In accordance with state and federal medical privacy laws, additional information about this individual will not be provided. LCDOH was notified of this positive case this morning.

Rodriguez stated that LCDOH will immediately begin outreach to identify close contacts and potential exposure areas per prescribed New York State regulations.

The updated numbers of positive and negative COVID-19 test results for Livingston County are:

Positive Test results: 29
Negative Test results: 272

LCDOH will continue to update these numbers daily on the County's dedicated COVID-19 webpage at https://www.livingstoncounty.us/1207/COVID-19.

If you have a fever, cough or trouble breathing, please call your health care provider for an assessment of your symptoms. If you feel as though you may have had exposure to COVID-19, please call LCDOH at 585-243-7270. Call 1-877-280-6775 if you would like general information on COVID-19 or to learn how to volunteer. Livingston County Mental Health has created a help

line for community members who need someone to talk to during these stressful times. This is a free and confidential service. Please call 585-243-7251, Monday – Friday from 9:00AM – 5:00PM. For COVID-19 information, please visit Livingston County's dedicated COVID-19 webpage and join us on Facebook, Twitter, and YouTube.
