Additional Positive Case of COVID-19 in Livingston County

Mount Morris, NY, May 14, 2020 — The Livingston County Department of Health (LCDOH) reports one new positive case of COVID-19 in Livingston County as of this morning, which brings the total number of positive cases to one hundred and four (104).

According to Jennifer Rodriguez, Livingston County Public Health Director, this individual is a female in her 50s who resides in Nunda. She and any associated household members are now in the LCDOH quarantine process.

Rodriguez stated that LCDOH will immediately begin outreach to identify close contacts and potential exposure areas per prescribed New York State regulations.

The updated numbers of positive and negative COVID-19 test results for Livingston County are:

Positive Test results: 104

Negative Test results: 2,005

LCDOH will continue to update these numbers daily on the County's dedicated COVID-19 webpage at <https://www.livingstoncounty.us/1207/COVID-19>.

“As a Phase 1 reopening is set to begin here in Livingston County, we would like to urge our residents to remain vigilant as we adjust to a ‘new normal’. In order to advance to Phase 2, we must demonstrate a downward trend among multiple COVID-19 health-related metrics.” stated Rodriguez. “It is imperative that we practice social distancing, wear face coverings, properly

wash our hands, clean surfaces regularly, and stay at home if we are sick in order to combat the spread of COVID-19 and continue these downward trends.”

If you have a fever, cough or trouble breathing, please call your health care provider for an assessment of your symptoms. If you feel as though you may have had exposure to COVID-19, please call LCDOH at 585-243-7270. Call 1-877-280-6775 if you would like general information on COVID-19 or to learn how to volunteer.
