A New Look for Livingston County COVID-19 Map

Mount Morris, NY, June 2, 2020 — Today, the Livingston County Department of Health unveiled a redesigned map of COVID-19 data for the county. The map will be updated on a daily basis. There is a link to the map on the County’s [webpage](#) dedicated to COVID-19.

Jennifer Rodriguez, Livingston County Public Health Director, stated, “You will notice that our COVID-19 map is now based on ZIP codes to better align with the state’s data reporting. The map has some additional features that will be useful as we continue to closely monitor the spread of the virus. It highlights active cases throughout the county and contains a tracker for COVID-19 antibody testing.”

Rodriguez continued, “Collectively, all of the data presented on our webpage helps us identify current trends and inform future decisions related to the COVID-19 pandemic.”

**As of June 2, 2020*

If you have a fever, cough or trouble breathing, please call your health care provider for an assessment of your symptoms. If you feel as though you may have had exposure to COVID-19, please call LCDOH at 585-243-7270.

Call 1-877-280-6775 if you would like general information on COVID-19 or to learn how to volunteer. Livingston County Mental Health has created a help line for community members who need someone to talk to during these stressful times. This is a free and confidential service. Please call 585-243-7251, Monday – Friday from 9:00AM – 5:00PM. For COVID-19 information, visit Livingston County’s dedicated [COVID-19 Webpage](#) and join us on [Facebook](#), [Twitter](#), and our [YouTube Channel](#).
