COVID-19 Testing Available Seven Days a Week at Noyes Memorial Hospital in Dansville Beginning June 8

Mount Morris, NY, June 3, 2020 — The Livingston County Department of Health (LCDOH), in partnership with Noyes Health, would like to inform residents that beginning Monday, June 8, COVID-19 testing will be available seven days a week at Noyes Memorial Hospital in Dansville. Hours at this site will expand to meet community needs.

Scheduled COVID-19 testing will no longer be available at Noyes Health Services in Geneseo.

As before, patients will remain in their vehicles while getting tested to help prevent the spread of COVID-19.

The diagnostic testing will determine whether an individual is currently infected with COVID-19. *This testing does not include antibody testing.*

If you have COVID-19 symptoms – fever, cough, or trouble breathing –call your primary care physician. ***If you do not have a healthcare provider, please call LCDOH at 585-243-7270 to see if you meet the COVID-19 testing criteria***

Your provider will order the test by faxing a requisition to (585)335-4282. You will then call Noyes Memorial Hospital at 585-335-6001 to set up an appointment for curbside testing at Noyes Memorial Hospital, 111 Clara Barton Street. Noyes will contact you shortly before your appointment to complete registration.

For more information on or assistance with the coordination of curbside testing, please call LCDOH at 585-243-7270.
