Livingston County Government Buildings to Reopen with Limitations on June 8

Geneseo, NY, June 5, 2020 — All Livingston County government buildings will reopen to the public on Monday, June 8, 2020. Some departments and services will be subject to continued limitations as described below.

In an effort to comply with CDC guidelines and provide a safe environment for everyone, Livingston County officials have developed a reopening plan for county buildings, employees and visitors. A few highlights include:

- Visitors and employees will be screened at building entrances, wear face coverings, and maintain social distancing of at least 6 feet at all times.
- Physical workspaces and common areas will be cleaned and disinfected regularly.
- Several departments will now have Plexiglass to serve as a barrier between employees and the public.
- Hand hygiene stations will be located throughout each building.
- Signage will be posted in workspaces and common areas to remind visitors and employees to adhere to proper hygiene, social distancing rules, appropriate use of face coverings, and cleaning and disinfecting protocols.

Please refer to the following list of Livingston County departments and services – and any associated limitations – related to reopening to the public on June 8.

While the County buildings are open to the public, appointments are encouraged as some staffing levels due to furloughs and remote work are not at pre-pandemic levels. To ensure your needs are met, whenever possible, please call or email ahead so you can be assured that we are available.
