2020 Census Drive at Upcoming Food Distribution Events

Geneseo, NY, August 12, 2020 — The Census Bureau, in partnership with Livingston County, will be onsite at two upcoming Foodlink food distribution events – August 19 at the Mount Morris Central School and August 26 at the Livonia Central School – to answer questions and to assist County residents with completing the 2020 Census forms. Both events will be held from 2PM – 4 PM.

Livingston County's goal remains to surpass its 2010 household self-response rate of 67%. As of August 11, the County's household self-response rate is just over 61%. Self-response will be available until September 30.

For more information on the Census and its impact on Livingston County, please visit [Livingston County's official 2020 Census web page](#). Click [here](#) to track local household self-response rates. Residents are encouraged to complete their 2020 Census forms online at <https://my2020census.gov/>.
