Earth Day Community Cleanup 2021

Geneseo, NY, March 12, 2021 — In recognition of Earth Day 2021, Livingston County would like to encourage a “socially distant or individual” Community Cleanup for 2021. Following the Centers for Disease Control and Prevention (CDC) guidelines to avoid large gatherings and practice safe distancing from others during COVID-19, County residents can still work together to advance the environmental health of Livingston County.

County residents are encouraged to recognize Earth Day from April 22 - 26 by conducting earth-friendly activities at home. Some activities may include:

- Cleanup leaves, sticks, brush, etc.
- Prepare gardens for Spring plantings
- Plant trees, bushes and flowers
- Collect nearby roadside debris with permission from Local, County, or State entity
- Recycle cardboard, plastics, glass and aluminum
- Safely include, with proper distancing, kids, teens and others in Earth Day-related activities
- Educate family, friends and neighbors on the importance of recycling and keeping a healthy environment

Residents can participate by sending in a photo of their cleanup activities by posting to Livingston County’s Facebook and Twitter pages and tagging the County using #cleanuplivco.
