

## LIVINGSTON COUNTY

### AMERICANS WITH DISABILITIES ACT (ADA) TRANSITION PLAN

#### ADA Transition Plan

This ADA Transition Plan reflects Livingston County's long-term commitment to ADA compliance, and details the stages of Livingston County's plan and timeline for: (1) evaluating accessibility by identifying any structural barriers associated with public facilities; (2) identifying accommodations and/or modifications that can be provided to make programs and services accessible; and (3) prioritizing the remediation of any deficiencies and formulating a budget and schedule for those improvements.

This Draft ADA Transition Plan will be revised and updated as the steps of the Plan are completed.

#### INTRODUCTION

ADA regulations prohibit discrimination against individuals on the basis of disability and require state and local governments to make their programs and services accessible to persons with disabilities. These requirements focus on providing accessibility by addressing and eliminating structural barriers associated with public facilities.

As detailed below, Livingston County has made a significant and long-term commitment to improving the accessibility of its public facilities. The purpose of this Plan is to ensure Livingston County identifies prohibited structural barriers to its public facilities, and, where structurally feasible, schedules and implements ADA-required improvements in order to remove those barriers.

The ADA requires that the Transition Plan include the following components:

- 1) Identification of physical barriers in a public entity's facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities;
- 2) Identification of the methods to be used to remove any barriers limiting accessibility;
- 3) A schedule for completion of the necessary steps to achieve accessibility in public facilities; and
- 4) The name of the public entity's ADA Coordinator.

## Schedule for Completion

Livingston County officials from its Planning, Public Works, and Human Resources Departments will be coordinating over the next several months to evaluate public buildings, parking lots, sidewalks, crosswalks, and curb ramps. Numerous facilities will be subject to this evaluation, and consequently this will be a substantial undertaking for the reviewing officials. The evaluations will be scheduled so as to evaluate outdoor facilities prior to the winter months (to avoid snow cover that may impede a thorough review), with any remaining evaluations of outdoor facilities to be completed in the following spring and summer months. Evaluations of indoor facilities will continue during the winter months. Therefore, it is estimated that Step 1 will be completed by December 31, 2018.

## **STEP 2: IDENTIFICATION OF METHODS TO REMOVE BARRIERS**

The second phase of the Livingston County ADA Transition Plan is to develop a method to remove barriers. This includes identification of the nature of needed improvements and a determination regarding structural feasibility of improvements under the ADA standards, and prioritization of necessary improvements.

Once the necessary improvements have been identified and prioritized, this information, along with a list of any improvements determined to be physically unfeasible, will be presented at a public meeting of Livingston County Compliance Committee. It is the Livingston County Compliance Committee's practice to provide public notice of the dates and agendas of Compliance Committee meetings on the Livingston County website. This will provide the public with an opportunity to participate in the formulation of the ADA Transition Plan.

### **A. Nature of Improvements and Structural Feasibility**

The nature of necessary improvements will be determined during Step 1 – the accessibility evaluation of Livingston County facilities – and will be incorporated into the ADA Transition Plan after completion of Step 1. Any improvements that Livingston County officials determine are not structurally feasible, based on ADA regulations, will also be incorporated into the Plan.

### **B. Priority of Improvements**

#### Sidewalks; Crosswalks; Curb Ramps

With respect to sidewalks, crosswalks and curb ramps, the primary focus of this ADA Transition Plan is to address all ADA noncompliant facilities, defined as those locations that have a rating of "2" and "3" on the scale discussed above.

The priority of improvements to these facilities will be as follows:

- 1) Those serving publicly accessible Livingston County facilities;
- 2) Those serving commercial and employment centers; and
- 3) Those serving other areas.

Parking Lots and Publicly Accessible Buildings

The priority of improvements to parking lots and publicly accessible spaces in Livingston County buildings will be based on the severity of the accessibility barrier and the frequency of public presence at the facility. Notably, the general assessment of Livingston County's Code Enforcement Officer is that the Livingston County Government Center, where the vast majority of public meetings take place, is in substantial compliance with the ADA. All new construction or renovations to existing facilities have complied with ADA standards. As such, Livingston County does not expect that its publicly accessible buildings and parking lots will require major structural improvements.

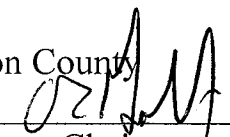

**STEP 3: SCHEDULE FOR COMPLETION OF NECESSARY IMPROVEMENTS**

Once the Inventory of Public Facilities has been completed, and necessary improvements have been prioritized as provided above, Livingston County will formulate an estimated budget for the improvements. The schedule for improvements will depend heavily upon the number and severity of the deficiencies identified during the accessibility evaluation, and the costs associated with the improvements. Livingston County however, reiterates its commitment to making its public facilities accessible to all persons, regardless of disability. Livingston County's ADA Transition Plan will outline a specific schedule for improvements after Completion of Step 2, and this schedule will reflect Livingston County's commitment to ADA compliance.

**ADA COORDINATOR**

Livingston County ADA Coordinator is Terrence Donegan, Livingston County Auditor.

Terrence Donegan  
ADA Coordinator  
6 Court Street, Room 302
