

LIVINGSTON COUNTY PROPOSED 2019 BUDGET

**LIVINGSTON COUNTY
OFFICE OF COUNTY ADMINISTRATOR**

Livingston County Government Center
6 Court Street, Room 302
Geneseo, New York 14454

(585) 243-7040
Fax (585) 243-7045

Ian M. Coyle, ICMA-CM
County Administrator

November 1, 2018

To the Livingston County Board of Supervisors:

I am pleased to present to the Board of Supervisors, and the residents of Livingston County, the tentative budget for Fiscal Year 2019.

Prior to in-depth commentary on the details and specifics of the tentative budget, I feel it important to emphasize the goals of the 2019 budget process, as laid out in August with Department Head meetings, and reinforced at the October 10th Board of Supervisors Budget workshop. These goals are organization-wide and are relatively unchanged from last year's Budget process.

- Present a practical, responsible budget that delivers core County services in a cost-effective manner
- Comply with the New York State imposed property tax cap
- Use conservative estimates (i.e. sales tax revenue forecast, expense estimates)
- Fund priority projects and programs
- Support the 5 Year Capital Improvement Plan
- Maintain services and programs
- Protect fiscal & operational stability
- Mitigate fiscal stress
- Adopt a Balanced Budget (expenses are matched with revenues and fund balance)

I am pleased to report that the budget goals outlined above have again been met in their entirety. The framework used for this budget message is consistent with prior years and is also aligned and consistent with the approved framework of the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award criteria.

Property Taxes

The calculation process as it relates to property taxes, simplified to its core, is the value of taxable value in the county multiplied by a tax rate per 1,000 of value, with the end number the total taxes collected or the tax levy.

A structural highlight of the budget this year is the growth in taxable assessed valuation. This is the value of property in the county that is taxable for County budget purposes. Due to this being what is colloquially referred to in the assessor and town government community as a "re-val" year, the County's towns saw assessed value growth of over \$250 million dollars. This represents an increase of approximately 7.4% versus the assessed value number used for the 2018 budget preparation process.

The change of assessment breakdown from last year to this year for the County’s nearly 30,000 parcels is:

Due to the large increase in taxable value (which is good thing, I might add, as it shows among other things a strong housing market, growth trends in sale prices and a robust local economy) and the continued imposition of the State Government property tax cap system and our local calculation of 2.55% maximum allowable growth, the county’s average tax rate will see a sizeable decrease. The tentative budget calls for a tax rate of \$7.83 per \$1,000 of assessed property value.

A homeowner with a single family home assessed at \$130,000, assuming their assessed value did not change, will see their County tax bill decrease roughly \$50.00 from 2018 under this plan. If the same homeowner’s assessed property value increased to \$140,000, they would see their County tax bill increase roughly \$30 from 2018. An example County tax calculation is below:

$$\text{(2018 Taxable Assessed Value \& Tax Rate)} \ \$130,000 \times \$8.21/1000 = \$1,067$$

$$\text{(2019 Taxable Assessed Value \& Tax Rate)} \ \$140,000 \times \$7.83/1000 = \$1,096$$

As you can see, the rate drops approximately \$0.38/1,000. This means that those 8,821 parcels that either received a decrease or no change in their assessed value will see a lower bill for their county property taxes. Those 20,427 parcels with an assessed value increase will likely see an increase in their tax bill, dependent upon the growth rate of their assessed value change.

In summary, the levy impact is a 2.4% increase. The tax rate is down 4.6% and if this budget is passed as presented, the County stands to collect almost \$700,000 in additional taxes from property owners in 2019 to meet our service, program and state-mandated obligations.

Financial Policies

The preparatory work in the compilation of this tentative budget is completed under the regulations, restrictions and guidance of a series of financial policies and plans adopted over the years by the Board of Supervisors. These include:

- Fund Balance Policy
- Purchasing Policy
- Financial Accountability Policy
- Budget Transfer Policy
- Investment Policy
- Capital Improvement Plan

Copies of these plans and policies are on file at the Clerk of the Board's office and available for request or public inspection.

The budget is submitted as a balanced budget. The Board of Supervisors has defined a balanced budget as one that has realistic revenue and expense projections and with estimated expenses 100% matched with estimated revenues, inclusive of fund balance allocations if/when applicable. In the 2019 budget, the balanced budget mechanics look like this:

Expenses	Revenues	Fund Balance	Balance
\$159,374,035	\$156,074,035	\$3,300,000	-\$0-

Budget Process and Calendar

The County's budget process starts in earnest in August of each year. In early August, I as County Administrator and Budget Officer, send a call-out memo to Department Heads seeking their requests, inputs and recommendations on spending and revenues for the upcoming year. We then spend the entire month of August in meetings to review and refine these numbers before presentation in draft, not yet tentative, form to the County's financial oversight committee, the Ways and Means Committee. Insight, feedback and commentary is gained from the Committee, leading to a further refined draft budget document that is presented and discussed by the Board at a budget workshop in October. Finally, that budget file is molded into what is the technical format of the officially submitted tentative budget, which is what you are reading now. A calendar with the various steps, and substeps not mentioned in detail above, is included here for your perusal:

January	-County fiscal year begins January 1 -Tax bills are sent to taxpayers
February	-County Administrator (CAO) reviews impact of State Budget
March	
April	-County Treasurer completes year-end closing process
May	-County Treasurer presents the Annual Financial Report
June	
July	-CAO issues call-out memo to Department Heads
August	-Departments submit operating draft budgets to CAO -CAO reviews department budget requests, meets with Departments and prepares recommendations

September	-CAO discusses draft operating budget with the Ways and Means Committee -CAO continues refining draft budget
October	-Board of Supervisors hold Budget Workshop October 10 th -CAO continues refining draft budget
November	-CAO files the tentative budget -Public Hearing November 14 th -Board considers adoption or amendments as applicable
December	-Board of Supervisors adopts property tax rates -Salary schedule approved and adopted
Ongoing	-CAO regularly meets with departments throughout the year to assist them in managing budgets within appropriation confines -Budget amended and modified as per policy

As the budget is a best-guess scenario, based on available financial information and forecasting methodologies, there is never a year where all numbers project out as initially expected. Therefore, the Board of Supervisors does make regular in-year adjustments to the adopted budget to maintain accounting controls and keep the finances balanced. This is done through two distinct measures: 1) budget amendment resolutions (submitted by Department Heads, approved by the County Administrator, and submitted to the Committee and Board for final approval) and 2) budget transfers (same process as amendments, and pursuant to the aforementioned Budget Transfer Policy).

Fund Balance Position

As approved in December 2011 by the Board of Supervisors, the Livingston County Fund Balance Policy guides fund balance utilization and administration. The policies and procedures section of the policy is most relevant to the formation of the annual budget and is included here:

POLICY:

1. *When resources have been spent, the County deems that they have been first spent from the highest constraint level available; therefore, they are considered to have been spent in the following order: restricted, committed, assigned and unassigned.*
2. *The County will maintain an adequate fund balance in its general fund to provide flexibility and to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures), to ensure stable tax rates, to provide for one-time opportunities and to retain favorable credit ratings. The County will endeavor to maintain unassigned fund balances in its general fund of twenty percent (20%) of regular general fund operating expenditures, net of local sales tax distribution. This amount provides the liquidity necessary to accommodate the County's uneven cash flow, which is inherent in its periodic tax collection schedule, and to respond to contingent liabilities.*
3. *The actual level of fund balance in the County's general fund is determined in its annual financial statement, several months after the end of the fiscal year. The County's budgeting process, which culminates both in the establishment of the following year's tax rate and the use of any appropriated fund balance, begins approximately two years in advance of the financial statement that will show the budget's results. Because of this time lag and because of the uncertainties of the budgeting process (such as the amounts of appropriated fund balance actually used each year), it is not possible to guarantee in advance a specific level of fund balance at the close of any fiscal year. Therefore, the County will use the following procedure to adjust the levels of fund balance, as necessary.*

PROCEDURE:

1. *Once the external auditor has reviewed the County’s financial statements for the prior year and has confirmed the fund balances of the general fund, the County Administrator will recommend to the Ways and Means committee of the Board of Supervisors the amounts and types of assignments for the fund balance to be included in the financial statement.*

2. *The Ways and Means committee will review these assignments, discuss them with the external auditor as necessary and accept or modify the assignments prior to the presentation of the statement to the Board.*

3. *The County Administrator, as Budget Officer, shall make recommendations regarding the use of fund balance to be appropriated in the following year’s budget based on this policy; specifically, he shall recommend an amount that will, in his estimation, retain the requisite/appropriate level of fund balances established in this policy.*

The fund balance position, with estimated impacts from 2018 budget-to-actual performance as forecasted by the County Treasurer, is included here:

	<u>Fund Balance Projection</u>

2019 Grand Total	\$159,374,035	\$127,067,935	\$3,300,000	\$29,006,100	\$28,318,523
	Assessed Value	Tax Rate	% change tax rate		% change tax levy
2018	\$3,449,128,124	\$8.2103			
2019	\$3,704,627,024	\$7.8297	-4.64%		2.4280%

The accompanying documents (starting in Section 2) present a summary of the revenues and expenditures and are organized as follows:

1. Revenue Summary (by fund)
2. Expense Summary (by fund)
3. Expense and Revenue Detailed Statements (by fund)

Within the schedules noted above, both revenues and expenses are broken down by major type (revenue, i.e. property taxes; expenses, i.e. Legislative Board) and display the 2017 Actual performance, the 2018 budget figures, the 2018 actual year-to-date numbers, and finally the Budget Officer's recommended estimates for 2019.

There is a major change in the numbers in the overall General Fund appropriations figure above that is worth noting. Appropriations, along with corresponding revenues, in one account are reduced to 0 for the 2019 year after averaging close to \$1MM in activity in prior years. This is the Public Works budget of the County, locally referred to as the Livingston County Water and Sewer Authority (LCWSA). For years since their inception, the LCWSA has leased County employees for their service operations. After a year of negotiations and logistical steps, the LCWSA is now poised to become their own employer of these same staff effective January 1, 2019. Therefore this pass-through account has now been removed from the County's 2019 budget.

Revenues

Total non property tax, non fund balance revenues in the 2019 budget estimate number approximately \$35 MM. These include items such as fees, PILOTS, other taxes, interdepartmental revenues, intergovernmental revenues, sales tax, state and federal aid and miscellaneous sources. Forecasts for revenues are obtained through a variety of means and mechanisms including but not limited to: information gleaned from state association sources, State Comptroller data, state aid award letters, federal aid award letters, estimates from other governments, and trend analysis projections. More detailed revenue information on the revenue centers representing the largest percentage shares of the budgeted revenues is included here:

Sales Tax

The County's largest single revenue center in the General Fund continues to be sales tax. Like last year, the County is projecting Budget growth in this revenue center for 2019. Revenue-wise, the

single biggest highlight is the growth in sales tax revenues. In calendar year 2018, through the end of September, the County is up nearly 10% versus the 2017 returns over the same time period. This represents an increase of over \$2.3 MM.

While we forecasted an increase in total returns in the 2018 budget, year-to-date activity appears to show this trend outpacing estimates. Across the state, upstate counties had an average increase in 2018 of 5.5% so we are well ahead of statewide trends and were, in fact, one of only 7 upstate counties that saw growth over 9%. The reporting also shows that Livingston County continues to receive a large portion (over 15%) of total sales tax returns from the sale of gasoline.

State Aid

As a County in New York State, we are regularly mandated to provide certain programs and services. In total, the costs of running these programs and accounting for these mandates far exceeds the aid that comes in from the State government to financially support these locally-delivered County efforts. That being said, State Aid still represents a sizeable portion of our General Fund revenues, with approximately \$16.1MM expected to be received in 2019. When accounting for some grant-timing differences year to year, this is actually up slightly from 2018 mainly due to some increases in Indigent (Public) Defense funding. Many years it can appear that the County is experiencing major dips or growth in State Aid when in reality such changes are often due to one or two major state grant awards, such as Public Safety and Farmland Protection grants. Major income areas for state aid in the General Fund include Social Services, Mental Health, Probation, Public Health, and Public Safety/Homeland Security. A specific area of impact this year include the (positive) highlight of increasing funds for Public Defense, which is year-one of a five-year implementation grant to cover the state-mandated expansion of services in this area. We are also budgeting the expenses, and revenues, of the Raise the Age initiative (in Probation and in Social Services, mainly) which commenced this year on October 1st.

The ~\$360,000 annual casino revenue item remains removed from the budget for 2019 due to the uncertainty around collection.

Federal Aid

Many programs, as is the case with the aforementioned state mandates, carry with them a reimbursement formula from the Federal government. This area of revenue is projected to return over \$16 million to the County's General Fund in 2019, which is flat from 2018. Major departmental drivers of this revenue include Social Services (e.g., Child Care), Public Health (e.g., WIC program) and the County Jail with Federal Inmate board-ins. As was the case last year, these jail revenues are, in-turn, redirected towards a segregated reserve via an interfund transfer at year-end.

Other Major Funds

The Highway and Machinery Fund (Funds D and DM) projects \$7.25 MM in non property tax revenues for fiscal year 2019. This is buoyed by State Aid, the New York State CHIPS program and Federal Highway Capital Grants. This is down slightly from 2018 mainly due to activity associated with reimbursements and timing of major bridge projects and the funds thereof. We continue to exercise the benefit of the recently established bridge capital account (\$1MM plus) to do additional work with local dollars and offset local matches on larger, state and federal aid eligible construction projects.

The County's largest department by staff and budget is the Center for Nursing and Rehabilitation, aka the CNR. The CNR budget for 2019 is \$31.7 MM, down from 2018 mainly due to the timing of capital projects included in last year's budget. Due to the availability of the federal

financing vehicle known as the Intergovernmental Transfer or IGT program, the CNR is not reliant on the use of tax levy dollars to support their fund.

Aside from miscellaneous revenues of some \$760,000, the Center for Nursing Rehabilitation (Enterprise Fund E) is funded through daily room rate revenues of residents at the Center (\$25 MM) which are comprised of Medicare, Medicaid, Private Pay Insurance, and Veterans Insurance; and the Federal Government Intergovernmental Transfer (IGT) Program of \$5.9 MM. The match for the 2019 IGT (required to originate from the County’s General A Fund) will be drawn from the County’s fund balance when required.

The Risk Retention and Workforce Development are without substantive change in 2019. The Workers Compensation Fund is also without major change, save for the continued rolling in of cost-share ratio changes, moving more expense to the County and away from the Towns via a formula amendment approved within the last year. The LCWSA is also an included and participating entity in FY 2019 due to a recent local law change.

Major department cost centers like the Sheriff’s Office and the Department of Social Services saw reasonable, but not overwhelming, cost level increases.

Debt Obligations

The County maintains a very prudent and manageable schedule of debt. Our bond ratings are excellent for a county our size. Most projects are funded on a pay-as-you-go basis through reserve and project allocations accompanying the 5 Year Capital Improvement Plan (CIP). Recent projects approved include the Energy Performance Contract (EPC) and the Dialysis Extension Clinic and Ambulance Canopy work at the CNR. The County was also recently approved for a USDA low-interest financing package for an expansion of the Emergency Operations Center to handle the growth of the County Emergency Medical Services department. This amount will be in the \$2MM range and is also funded in part with State Assistance to Municipalities (SAM) grants from both Senators Gallivan and Young. The Board will soon consider formal bond resolution and financing proceedings on this very important project.

Position Summary Schedules

The County budget funds hundreds of positions spread across scores of programs and services. A summary of position count and status is included in the appendices section of this submitted budget. The budget calls for a few changes to the present personnel landscape including positions in Veterans Services, Central Services, and Sheriff's Office among others. This budget also has continued funding for our federal funding advocate/lobbyist, The Ferguson Group. Records management has been moved to the Information and Technology Services (ITS) department and that synergy is working out quite well.

Four of the five unions that represent the County's employees have contractually obligated wage increases included in the budget. The one union that is, as of this writing, currently in negotiations, has a placeholder number included in this tentative budget based on the assumption that a good faith agreement will be reached either shortly before or after the 2019 Fiscal Year begins.

Priorities, Issues, Challenges and the Budget Landscape

Notes and Changes

There are no major service reductions or expansions in this tentative budget. One could say service-wise, it is a "status quo" budget but one would also have to acknowledge that the status quo here in Livingston County is one of continued performance enhancement, service excellence and forward-thinking initiatives.

Our CIP was separately approved by the Board of Supervisors at the meeting on October 24th. This five-year outlook projects capital improvements for expenses like building renovations, software and hardware upgrades, emergency communications and interoperability upgrades and adaptive re-use of existing space. We expect to make a transfer of at least \$950,000 to support capital project needs in FY 2019 with more dollars coming from existing project reserves and allocations and intergovernmental grant awards.

Mandated Services and Programs

Legislative mandates from New York State represent the largest single largest expense and programmatic burden to the County budget. A few years ago, NYSAC spearheaded the program "9 for 90" which highlighted the fact that 9 mandates were directly attributable to 90% of the tax levies collected by counties statewide. In Livingston County, this situation remains the same. Medicaid is our largest single expense and perhaps the most recognizable as a fiscal burden. Despite monumental legislative wins from 2000-2015, including a 3% cap and finally a fixed expense level, our annual bill is still nearly \$9 MM, and represents, by itself, over 30% of our expected property tax collections in 2019.

Pension costs as part of the NYS Retirement System are another large mandated expense for the County. The expense is worth highlighting. The budgeted estimate is essentially flat versus 2018. This is due to the Office of the State Comptroller estimated bill for December 2019 being about the same as the County's December 2018 bill.

Other major mandates that contribute to the levy size include Community Colleges, Probation, Pre-K Special Education, Public Defense and a multitude of Social Services programs.

Cultural and Non-Profit Support

In addition to the dozens of contractual relationships we have with non-profit providers for service arrangements (e.g., Catholic Charities), the 2019 budget continues and expands upon the long tradition of Board of Supervisors' financial support of local non-profits and community agencies. In 2019, the Pioneer Library System will receive \$95,000 in support for our in-County libraries. The support for the Hemlock Fair is continued and the Soil and Water Conservation District is budgeted for a sizeable percentage increase. The Historical Society is budgeted at \$48,970; Cornell Cooperative Extension at \$500,505; Livingston Arts at \$45,000 and numerous others at varying appropriation figures.

Health Insurance

Health insurance expenses, including retiree health insurance, are major cost centers. Health insurance is down from the budget but aligned with actual expenses for the County year-to-year, with a cost of around \$13.6MM, including the retiree health expense. This is due to the County conservatively budgeting rates in years' past and the premium equivalency rates coming in lower than expectations. While we see rate growth estimates of 7% effective October 1 2018 and 10% effective October 1, 2019 (the start of our plan year is in October), we had room in the budget numbers to accommodate and therefore from a budget-to-budget comparison you do not see much growth across the departments.

Economic Outlook and Trends

Fiscal and economic indicators indicate that the County is in solid financial shape, and all have a significant impact on our budget.

A recent report dated from October 2018 from the Empire Center, while focusing on the post-recession recovery lag of Upstate versus Downstate, nevertheless found that Livingston County's job rate growth from 2011-2018 was 11.4%, well ahead of the upstate average of 6.3%. Unemployment is 3.5%, the lowest rate locally in 18 years, and consumer confidence was on the rise for most of 2018. As referenced in the initial pages of this message, Countywide assessments saw substantial growth in assessed values. This amounted to a nearly \$250MM increase.

Caseloads in the Department of Social Services are often used as a barometer of the local economy. Tracking from January 1, 2018, key service component areas changes are as follows:

- Temporary Assistance – down 16%
- SNAP (Food Stamps) – down 7%
- Medicaid – down 1%
- Child care – up 5%

Livingston County has a low fiscal stress score as measured by the NYS Comptroller's Office. Fiscal stress scores as a measure of financial condition may be defined as a local government's ability to finance services on a continuing basis. This ability involves maintaining adequate service levels while surviving economic disruptions, being able to identify and adjust to long-term changes, and anticipating future problems. The weighted score for Livingston County is again much better than the averages of all counties, regional counties, and counties of similar size. We maintain a fiscal stress score in the top tier of all counties in New York State.

Whether these trends continue into 2019 is a tough question. Recent downticks in the stock market have some on edge that the bullishness of the national economy may soon be cooling off. The State Legislature, however, has an opportunity in this legislative cycle, due to the recent SCOTUS ruling on remote sales tax collection (Wayfair decision) to tweak and make current our state sales tax collection processes to allow for a streamlined procedure of tax collection from online retailers. Estimates are pegged at tens of millions statewide for increases in sales tax collections. This is a huge opportunity that the state simply cannot pass up. It evens the playing field with Main Street retailers and, selfishly, puts millions back into the coffers of a State government that definitely needs that type of cash infusion.

Closing Comments

Over the past year, I have had the distinct pleasure to speak to and engage scores of residents one-on-one through the Coffee with the County series the Board rolled out in December of 2017. Few activities in my ten-plus years have been as enjoyable as taking “the County on the road” to the seventeen towns and highlighting the successes, and admitting to the challenges, of being a County government in New York State. Participants have generally come away quite surprised at the depth, diversity and scope of services provided to both residents of and visitors to Livingston County. I look forward to continuing this program in 2019 and also starting the new County Government 101 program to local schools. Each and every one of our various departmental efforts have a budgetary component, so this budget message represents an appropriate opportunity to reflect on the true life-cycle, birth through end-of-life services that Livingston County government provides each and every day.

While the local and national economic scene appears to show signs of a robust financial picture, we remain guardedly concerned about the out-years. In response, we employ practices such as implementation of a fund balance policy, conservative budgeting practices, adherence to a 5 year CIP, and other associated measures and practices to essentially insulate and isolate the County from the major financial ebbs and flows that often negatively impact other institutions.

The County also maintains a forward-thinking approach to what local government is doing and could be doing to improve the lives of residents. The seeds we have planted for projects, programs and outside-the-box initiatives have begun to sprout. The Livingston County Land Bank Corporation has one project in the works and just celebrated its one-year anniversary with a presentation to the Board of Supervisors. They await word on their \$580K grant request to the Attorney General's Office for bank settlement funds for operations. We also likewise await word on a series of grant awards sought through the Regional Economic Development council process, with award announcements expected next month. Requests include monies for a housing needs assessment and Main Street local economic development funds. Additionally, major projects like the Public Market and the multi-generational Community Center remain under active consideration and planning. Lastly, let us not forget our burgeoning Emergency Medical Services program, a statewide model of service delivery, which is on pace to respond to nearly 5,000 calls for service.

While we have not yet received a response on our proposed anti-poverty plan entitled *Thrive In Livingston*, which aims to secure Upstate Revitalization Initiative funds for targeted personal and economic empowerment projects across spectrums such as housing, benchmarking, and workforce development, we continue to work towards commencing some of the items identified in the plan. These include the studying of the aforementioned Community Center concept and the repurposing of the DSS/Central Services/Workforce Development Mobile Work crew. This work crew, for example, has done yeoman's work in improving the conditions of Al Lorenz Park, from general park clean-up to kiosk construction to trail blazing and maintenance.

This tentative budget again funds the staff, services, programs and projects necessary to drive creativity, strategic initiatives and high-performance efforts in Livingston County. With a budgeted payroll of over \$50MM, Livingston County employs over 1,200 workers dedicated to delivering high-quality, responsive and best-in-class service to our 65,000 residents.

This submitted tentative budget continues the tradition of a status quo financial plan for the forthcoming year. Livingston County government remains committed to serving our residents, visitors and taxpayers with only the highest quality of public service and this budget adequately funds these services. In concluding this budget message, I would like to personally thank the County government staff for their public service. This budget is fiscally sound, balanced and forward looking. I readily await its public inspection, review and eventual adoption.

Sincerely,

A handwritten signature in cursive script that reads "Ian M. Coyle".

Ian M. Coyle
County Administrator
