“This program was very uplifting and I learned that the aging process can be done gracefully. I am working on a plan for the future to share with my family.”

—AMP Participant

CLASSES BEGIN IN FEBRUARY, with a commitment to attend all 10 sessions. Due to grant funding this program is currently FREE but Pre-registration is required. There are limited openings, so if the classes are full you can choose to be placed on a waiting list.

The Aging Mastery Program®

In this program, participants take core and elective classes that combine evidence-informed materials, expert speakers, group discussion, levels of mastery and achievement, and small rewards. All of the courses are designed to provide the skills and tools needed to achieve measurable improvements in managing health, remaining economically secure, and contributing actively in society.

AMP Core Curriculum	
Navigating Longer Lives: The Basics of Aging Mastery	Introduction to the program and its philosophy with a special emphasis on the new realities of aging, making the most of the gift of longevity, and taking small steps to improve health, financial well-being, and quality of life.
Exercise and You	Discussion of the importance of exercising both the mind and body with a focus on strategies for incorporating meditation, aerobics, strengthening, flexibility, and balance into daily routines.
Sleep	Overview of how sleep patterns change as we age, the importance of monitoring the sleep cycle, and simple strategies to improve sleep.
Healthy Eating and Hydration	Review of nutrition as it relates to aging with a focus on strategies for incorporating healthy eating and hydration into daily routines.
Financial Fitness	Introduction to strategies for remaining economically secure in an era of longevity with an emphasis on setting financial goals and setting financial boundaries with friends and families.
Medication Management	Best practices covering how to take medications as directed, how to store medications safely, and how to keep track of multiple medications.
Advance Planning	Guidance around key steps needed to manage health care, financial, and housing/care decisions with a focus on considering the role of personal values and beliefs in these decisions.
Healthy Relationships	Exploration of the benefits of being socially active, as well as the risks of isolation with a focus on practical strategies for continuing to build and strengthen friendships and family connections as we age.
Falls Prevention	Overview of the importance of falls prevention among older adults, and strategies to prevent falling.
Community Engagement	Introduction to the value of continuing contribution and small acts of kindness with a focus on identifying personal aptitudes for meaningful volunteer and civic opportunities.
