Groundbreaking Ceremony for Livingston County Emergency Medical Services Facility

Geneseo, NY, November 1, 2019 — The Livingston County Board of Supervisors is pleased to announce a groundbreaking ceremony for the construction of the Livingston County Emergency Medical Services (LCEMS) facility, an expansion of the Livingston County Emergency Operations Center. The public is invited to join the Board of Supervisors and County Administration at the Hampton Corners County Complex on Tuesday, November 5, 2019, at 11:30 a.m. for the brief ceremony.

LCEMS is on pace for over 5,000 calls for service in 2019. Expansion of the LCEMS facility will create enough space for this growing program - including space for emergency medical personnel, technician and supervisor offices, a training room, equipment and supply storage, and space for vehicles to be stored in protected parking areas.

The expansion is expected to be complete in October 2020.
